## Punchard Membership

Punch Card Program - \$339

- Get 21 punches, usage is: 2 punches for 2 hours or less of shop use, 3 punches for more than 2 hours use
- Provides up to 7 full day visits to the shop, or up to 11 visits of less than 2 hour
- Punchcards are valid for 6 Months from date of purchase
- 1 Free EOS Class

## Daily Pass \$69.00 or \$20/hr\*

Club Workshop is offering 1 day access thru our Daily Pass. This is a great way to introduce you to the club, with full access to tools, equipment and facilities. Regular club requirements, including usage and safety agreements apply. To preserve access to some equipment for members, Daily pass access to Black Diamond equipment is restricted to 3 hours max. Additional usage beyond that will incur a \$30/hour usage fee.

---

Extra person \$20.00

## Guest Pass \$10.00

Required with the member's guest will be utilizing tools or equipment. Guest may only work on member's project (not available with the daily pass).

### Additional Information:

- Automatic billing arrangements are required for all monthly billing.
- Club Workshop reserves the right to modify prices; full details of all programs available at sign up. Unlimited access to the club does not include fees charged for certain consumables (e.g. Rapid Prototyping machine (3-D printer), Vinyl Cutter, Large Format printer, volume print jobs)
- Storage is not included in Club Workshop fees at any time. Any items left at the shop will be charged for storage.
- Membership does include reasonable usage of welding gas and wire (small welding tasks)
- Memberships are available to persons 16 years or older (minors allowed with prior Club Workshop approval and release from all legal guardians).
- Club Workshop facilities are not priced for commercial full time usage. Facilities may not be used as a primary place of business, manufacturing or income generation without prior authorization by Club Workshop management.
- Club Workshop requires all members to adhere to equipment operation and safety policies at all times, including completion of EOS overview at commencement of membership.
  
- Club Workshop enforces a facility dress code of 'close toed' shoes at all times in Workshop areas.
- Certain areas of the Club require use of Safety glasses at all times.
